A Hopi-owned and operated company organized by Hopi Anthropologist Micah Loma’omvaya & associates who will guide you through an understanding of the ancient cultures of the Southwest & the living culture of their modern day descendants.

Our mission is to provide an educational experience for our guests by sharing with them an in-depth understanding of the Hisatsinom, ancient people. The ancestors of our Hopi culture survived in the Southwest for centuries and have passed down a tradition of rich cultural complexity.

These ancient traditions & sites embody our Hopi history and by following ancestral footprints we will lead you along Hopi clan migration paths and their quest for the Hopi mesas.
